

byAcre Carbon Ultralight Rollator

Move with Confidence, Live with Freedom

The **Carbon Ultralight Rollator** is your perfect companion for strolls, travel, and everyday outings. Weighing just 4.8 kg, it's the world's lightest rollator, crafted from ultra-strong carbon fibre for unmatched durability and has a lifetime frame warranty. Its ergonomic design supports good posture, with forward-facing handles, push-button height adjustment, and integrated brakes. This Rollator folds effortlessly for storage and travel and arrives fully assembled with organiser bag and elastic lock included.

Compact, regular and wide options available.
