

# JAY LowZone Switch

*Move with Confidence, Live with Freedom*

The **JAY LowZone Switch Cushion** offers simple, reliable pressure reduction with its memory foam sandwich construction. Designed to be used any way up or around, it promotes even wear and long-lasting performance. Temperature-sensitive visco-elastic foam contours to the body for all-day comfort, while a stable flat surface supports posture. Orientation markings, a water-resistant PU cover, and an internal liner ensure durability, hygiene, and easy maintenance.
